

QUICK GUIDE FOR SCHOOL ADMINISTRATORS

Turn chess club into a season.

Spring registration opens January 2027

Discovery Chess League turns weekly instruction into interschool competition, gives families a game day to attend, and keeps students playing beyond the final club meeting.

Less work for your school. More opportunities for your players.

A meaningful benchmark

Students play similarly experienced peers from other schools, giving coaches and families a clearer view of match readiness and development.

A moment families can see

League matches give parents something tangible to attend and celebrate, much like a game day, performance, or recital.

A pathway forward

Students can continue into future League seasons, tournaments, and Center-based programs instead of stopping when the club session ends.

Season options

League + Club

Six school-based sessions with a Discovery coach, plus two interschool League matches at Discovery Center.

\$159 per player

6 Club Sessions + 2 League Matches | 10-player minimum

League Only

Keep your coach, sponsor, or parent volunteer. Add two interschool match experiences at Discovery Center.

\$59 per player

2 League Matches per season | 4-player minimum

School Funded

Schools, PTAs, sponsors, or partners cover participation. Discovery provides a proposal based on enrollment.

\$159 per player, billed to school

6 Club Sessions + 2 League Matches | 10-player minimum

Every school gets a League Hub: one place for your schedule, family sign-ups, kickoff letter, and Match Day details. Discovery helps coordinate League participation and answers questions as the season unfolds.

For families: it's a team sport.
